WORK EXPERIENCE

IT DEPARTMENT INTERN   2022
SCHOOLS DIVISION OFFICE OF SAN JUAN

200 hours of troubleshooting and maintenance of IT equipment. The work was mostly hardware, monitoring and deployment of IT equipment to faculty members and students with laptops, desktops, printers, and etc. Providing software support such as OS installments, Microsoft products, and etc.

PROJECTS

TUTOR FINDING APPLICATION
REACT NATIVE | TAILWIND | FIREBASE

Mobile application using React Native and Firebase. It is a tutor finding app that allows users to find tutors, message them, schedule video calls, and book appointments. The app also includes a machine learning face verification system to ensure that users and tutors are who they say they are.

E-COMMERCE WEBSITE WITH ADMIN
HTML | CSS | JAVASCRIPT | SQL

E-commerce website with an admin interface using HTML, CSS, JavaScript, and PHP. The website allows users to browse and purchase products, and it also includes an admin interface for managing the products, orders, and other aspects of the website.

MATH QUIZ MOBILE GAME
ANDROID STUDIO | SQL

Mobile game using Android Studio and SQL. It is a math quiz game that helps elementary students in their math skills by providing different levels and user rankings. The game is designed to be fun and engaging, while also challenging students to learn and improve their math skills.
